Skills:

Development

- **XHTML, CSS, XML, XSLT** | Standards-based development, cross-browser and platform testing, search engine optimization, and content accessibility.
- **ASP, SQL, PHP, MySQL, ColdFusion** | Database driven site creation and maintenance, content management systems development, and intranet applications.
- **Flash, ActionScript, Zinc** | Traditional frame-based and script-based animation, advanced interface prototyping, custom application creation, and interactive banner ads.
- **JavaScript, AJAX, DHTML** | Rich web experiences without 3rd party plugins, highly interactive forms, and script-based animation.
- **DotNetNuke** | Rapid CMS driven web site development using custom and 3rd party modules.

Software

- **Development** | Adobe Dreamweaver CS3, Flash CS3, Director, Contribute CS3, Microsoft Visual Studio 2005, SQL Server 2005, and IIS 5+.
- **Motion** | Adobe Flash CS3, Director, and MultidMedia Zinc.
- **Graphics** | Adobe Photoshop CS3, Illustrator CS3, InDesign CS3, and Fireworks CS3.

Work Experience:

- **2006-Present** | **Web Developer, Risdall Advertising**
Rapid site development using technologies such as DotNetNuke to produce extremely robust web sites that the client can easily maintain themselves. Worked on many projects ranging from simple banner ads to large, high-traffic web sites.
- **2001-2006** | **Lead Developer, Fitch-Seattle**
Worked with designers and clients in a fast-paced, project-oriented environment to create interactive digital media. Provided expert consultation to art directors and designers during the design phase of the project.
- **2000-2001** | **Web Developer, Advertising Concepts**
Designed and constructed the Bennett Homes and Bennett Development web sites. Aided in image creation and manipulation for Bennett Corporation print media.
- **2000-2001** | **Graphic Design/Programming Intern, RSL Interactive**
Designed and produced all images for the Festivals.com search redesign which included the creation of over 200 vector maps. Designed and implemented feature articles for Festivals.com using ColdFusion and created graphs and charts for distribution to RSL investors.

Education:

- **1999-2001**
Art Institute of Seattle, Associate of Applied Arts Degree in Multimedia/Web Design.
- **1997-1999**
University of Minnesota - Institute of Technology, Undergraduate Studies in Computer Science.
